Dear Sir,

A while back you printed an interview with Edward R. Fields, of the National States Rights Party. I was sent a photocopy of part of the page (7), hence I do not know the date.

I would like to obtain the complete interview, for use, with attribution, and of the pictures. I am particularly interested in the picture of Fields and an unidentified man sitting under a characature of Dr. King. The others in the second picture in the copy I have also interest me, if you can dientify them.

If the pictures are your own (they do not carry credits), I would like to have prints suitable for printing, if I want to do that and you are agreeable, paying you now for the prints and, if used, for the added cost, if any, for publication.

Perhaps you have data and pictures not used. If this is the case, I would very much appreciate an opportunity to examine them.

Thank you very much for your help.

Sincerely,

Harold Weisberg
